Education

M.SC. LAW AND FINANCE
UNIVERSITY OF OXFORD
2015 – 2016

Courses on finance, financial economics, corporate valuation, entrepreneurial finance, corporate transactions, and international economic law.

Received third place in the 2016 Robert Davies Memorial Contest for an essay I co-authored on the topic of accountability in the digital age.

LL.B. (HONS) LAW
UNIVERSITY OF EDINBURGH
2011 – 2015

Graduated with first class honors. Winner of the Lord President Cooper Memorial Prize, given to the top law student in the graduating class.

Special focus on tax law, international economic law, and financial regulation.

Year abroad at the University of Hong Kong.

Experience

COFOUNDER
AWESOME POWER INC.
2016 – 2017

Started a company that uses a person's smart meter data to recommend the electricity plan with the lowest expected cost. Programmed the web application in its entirety. Over three thousand accounts have been created on the website, and the company is now profitable.

Managed the non-technical aspects of the business, and analyzed data to identify problems and develop solutions.

RESEARCH ASSISTANT
PROFESSOR C.L. LIM
2014 – 2015

Worked on *Alternative Visions of the International Law on Foreign Investment*, an edited volume. Corrected chapters written by non-native English speakers and provided substantive feedback.

Technical Skills

Intermediate to advanced Python. Working knowledge of SQL. Learning Rust.

Predictive modeling, machine learning, and natural language processing.

Web development with Django.

Data visualization, both with Python and D3.js. For example: www.zkorman.com/norway.html
